WORK EXPERIENCE

Web Developer Intern | MASS IT Solutions LLP | Jan 2025 – Feb 2025 | [Certificate](#)

- Completed a 6-week Web Development internship.
- Developed **15+ responsive website components** using HTML, CSS, and JavaScript, ensuring compatibility across desktop and mobile devices.
- Debugged and resolved **20+ UI issues** during development, improving website responsiveness and user experience.
- Worked closely with mentors to build and optimize 8+ responsive web pages, improving design consistency and user experience.

PROJECTS

WanderLust – Airbnb Clone (MERN Stack) | In Progress

Tech Stack: **MongoDB, Express.js, React.js, Node.js, Bootstrap, Git**

- Built an Airbnb-inspired web application for browsing and managing property listings.
- Added user login and signup functionality with authentication and authorization.
- Created features to add, edit, view, and delete property listings.
- Connected MongoDB with the backend to store user and listing information.

Responsive Portfolio Website [Link](#)

Tech Stack: **HTML5, CSS3, JavaScript, GitHub Pages**

- Designed and developed a personal portfolio website to showcase projects and skills.
- Integrated a responsive layout that works across desktop, tablet, and mobile devices.
- Added GitHub, LinkedIn, and contact links for easy access to professional profiles.
- Hosted the website using GitHub Pages for public access.

Mobile Sales Dashboard [Link](#)

Tech Stack: **Power BI, Microsoft Excel**

- Generated an interactive Power BI dashboard analyzing 500+ sales records using KPIs, charts, and filters.
- Used charts, cards, and slicers to display sales trends and key metrics.
- Analyzed product-wise and region-wise sales performance.
- Enhanced interactive reports to make data easier to understand and explore.

Spotify Clone [Link](#)

Tech Stack: **HTML5, CSS3, Flexbox**

- Optimized a responsive Spotify Clone with 10+ UI components using HTML, CSS, improving frontend development skills and responsive design implementation.
- Recreated the navigation bar, playlists, music player, and album sections. Used Flexbox and CSS styling to match the original Spotify layout.
- Implemented a responsive design for different screen sizes.
